PROFILE SUMMARY

Full Stack Developer with expertise in HTML5, CSS3, JavaScript, JQuery and Bootstrap 5 for front-end development. Proficient in React Js to enhance user experience and in Python programming, Django, and Django Rest Framework for back-end development. Knowledgeable in MySQL for database management and skilled in version control using Git and GitHub. Basic Knowledge of AWS. Passionate about building responsive, user-friendly applications and continuously improving technical skills.

PROJECTS

- ### E-COMMERCE WEBSITE

  Developed an e-commerce website with a seamless user experience, integrating a Django for backend, MySQL for database, and Bootstrap 5 for responsive design. Implemented features like product listing, cart management, and secure user authentication, showcasing expertise in full-stack development and database management.

- ### ANIME CHATROOM WEBSITE

  Built a dynamic website enabling anime enthusiasts to connect and chat in dedicated rooms for their favorite series. Utilized HTML5, CSS3, JavaScript for the frontend, and Django (Python-Framework) for backend development to create an interactive, user-friendly experience.

- ### MODERN CAFE WEBSITE

  Built a modern coffee shop website using HTML, CSS, and JavaScript. Implemented a customizable coffee menu, a JavaScript-based event calendar, and mobile optimization with CSS Grid and Flexbox.
